

DIGITAL TIP-ON CARD SPECIFICATIONS BUSINESS LIFE

Spec for pre-trimmed single sheet tip-on items only.

Maximum size:	269mm deep x 190mm wide.
Minimum size:	60mm deep x 100mm wide.
Maximum paper weight:	280 gsm
Minimum paper weight:	80 gsm

Tip-on inserts are glued along an approximately 10mm wide strip of the total depth of the item and affixed to the front page only of any printed section. The position of affixing on the front page is variable, but cannot extend beyond 10mm from the head and foot, 25mm from the foredge and 40mm from spine. The position can vary by +/- 5mm in all directions.

Before any tip-on insert can be accepted as a confirmed booking by Cedar Communications, an example or 'dummy' copy must be supplied to obtain final approval by Cedar, British Airways and also to ensure that the printer can actually use the example through their machinery. Examples must be supplied two months in advance of the issue you wish to advertise in, final approval will be given as soon as possible after this date, to allow for printing of your tip-on cards. We cannot accept any responsibility for tip-on cards printed up without a final acceptance of the booking from us.

Packing

Tip-ons for Business Life should be bulk packed on pallets, clearly labelled for the particular issue and evenly boxed ensuring no damage to the edges of the inserts.
